We Love Dogs Kennel Resort is a Luxury Holiday Resort unlike any other. Created to provide 7 Star Holiday Care for Small Breed Dogs, Golden Oldies and guests requiring rehabilitation support, a truly unique holiday environment. Come visit with us to see how we provide a safe, secure and loving environment for your precious pooch.

---

We Love Dogs was born from a desire to create a unique environment to care for a select group of dogs that need a little more TLC. With this in mind we have designed holiday facilities to meet these dogs very specific needs.

Our 5 acre facility at We Love Dogs provides spacious indoor suites, all with reverse cycle heating & cooling, evaporative cooling, luxury bedding and their own televisions. Attached to their inside suites, all our guests have all day access to their private undercover courtyard. We also have larger play areas for daily play sessions, either with compatible friends or with the Doggy Doaters, our team of experienced carers.

With our team of highly trained Doggy Doaters available to our guests 24 hours a day, 7 days a week, you can be assured that all guests receive the highest level of care whilst on holidays.

**Small Breed Dogs** – these lovely little dogs can come and holiday with us from any age in a safe and secure environment that has been designed to meet their specific needs.

**Golden Oldies** – this is how we affectionately refer to our geriatric guests. Any dog, of any breed and with any medical challenges, in their golden years is welcome to holiday with us. We

have spacious temperature-controlled suites with non-slip floors, comfy beds low to the ground and lots of love and cuddles waiting for them so that they can have a relaxing holiday.

**Advanced Medical Needs** – caring for guests with advanced medical issues is something we are happy to offer. With experienced managers living on site we are able to administer medication after hours and also check on our guests 24 hours a day. Diabetic and epileptic guests are our most common advanced medical needs guests however we are happy to discuss your dogs needs to determine the best care solution for your precious pooch.

**Rehabilitating Dogs** – we offer post-operative care once Vet attention is no longer required. Most dogs need special care in the first week or so after a surgery and not all families have the time or environment to provide this after care completely. Our experienced team can support you with your dog's rehabilitation needs in our specially designed environment and help get your dog on the road to recovery.
